

**1) ENNSHAFEN port**

**Location:** 3.5 million sqm area at the border between the federal states of Upper Austria and Lower Austria (river-km 2,112)

**Facts:**

- The ENNSHAFEN port is the largest continuous industrial area on the Upper Danube
- Around 60 companies (> 2,700 employees) are settled in the port area and the business parks Enns and Ennsdorf
- Trimodal logistics hub waterway/railway/road

<b>Transshipment:</b>	<b>Waterside transshipment (to)</b>	<b>Container handling (TEU)</b>
<b>2011</b>	608,085	277,023
<b>2012</b>	589,391	235,515
<b>2013</b>	712,474	244,352
<b>2014</b>	712,321	283,851
<b>2015</b>	720,321	291,023
<b>2016</b>	597,290	318,320
<b>2017</b>	678,670	354,656
<b>2018</b>	485,215	365,314
<b>2019</b>	782,277	394,996
<b>2020</b>	921,866	381,189
<b>2021</b>	1,187,444	458.380
<b>2022</b>	561.942	457.461

**2) Port services**

Water, Rail, Road – The ENNSHAFEN Port is linked to all three modes of transportation and opens up countless possibilities.

All operative services at the ENNSHAFEN port, whether cargo handling, storage, processing, packaging or bunkering are provided by private companies.

**Quay facilities:**

<b>Quay number</b>	<b>Length</b>	<b>Bollard numbers</b>	<b>Handling company</b>
1-2	200 m	1-12	Fuchshuber
4	275 m	1-16	Neumüller
6-7	300 m	1-30	For public use
11-12	370 m	1-19	Danubia Speicherei, Fixkraft
13	Charging platform		Fixkraft
14	230 m	1-14	Donausäge Rumplmayr
16	-		Primagaz
18-19	630 m	1-35	Container terminal
20	192 m		Rauch Recycling
21	360 m		For public use

**Transshipped goods:**

- Bulk cargo: food stuffs, fertilizers, agricultural and forestry products, salt, ore, steel, iron, stone
- All kind of general cargo

### 3) Infrastructure

**High and Heavy transshipment** via mobile cranes

**Ro/Ro-transshipment** at the Ro/Ro terminal in Ennsdorf

Regular sailings since July 2015 with two vessels from Passau, Enns, Vidin to Ruse or any other Ro/Ro-Ports according to requirements.

Booking agent for Austria: Bolk Transport GmbH, Andreas Bräu  
+43 699 126 005 72, [andreas.braeu@bolk-transport.com](mailto:andreas.braeu@bolk-transport.com)

for further enquiries and questions please contact:

Jörg Praher, +43 2742 9000-9001, [ennshafen@ecoplus.at](mailto:ennshafen@ecoplus.at)

The advantage of the roll-on/roll-off technology is the shorter loading time because all freight (trucks, heavy loads) is driven directly onto the vessel and vice-versa – without requiring any additional handling systems like cranes, for example.

#### **Container terminal:**

The container terminal is positioned as a gateway and extended port for the large seaports in Northern and Western as well as Southern Europe.

**Owner:** Ennshafen OÖ GmbH

**Operator:** Container Terminal Enns GmbH, Ennshafenstraße 45, 4470 Enns/Austria  
+43 7223 81347, [customer-service@ct-enns.at](mailto:customer-service@ct-enns.at)

**Capacity:** 600,000 TEU

**Covered area:** 275,000 sqm

**Quay length:** 630 m

**Number of tracks in the terminal:** ten, each 720 m long (for block trains).

Inexpensive rail access directly to the terminal.

**Transfer station:** currently six tracks, each 690 m long, three more tracks

**Contact:** Thomas Wolfschläger, Management Terminal
